```

width:100%; max-width: 1040px; margin: 0 auto;

### Font

- font-family: "Century Gothic", Helvetica, Arial, sans-serif;
- font-size: 18pt;
- ▶ line-height: 1.5;

Configurar um padding em cada section para destacar o texto da borda

### Formatação do menu

• eliminar os pontos da lista

```
header nav ul{
   list-style-type: none;
}
```

colocar os itens flutuantes header nav li{ float:left;

}

Setar o header para compreender os elementos float: overflow: auto;

### Formatação do menu

- Definir as características dos links
  - cor (white)
  - cor de fundo (black)
  - margin
  - eliminar sublinhado
  - ocupar a célula inteira
- Definir o hover
  - cor (black)
  - cor de fundo (white)

### Formatação h1

- cor (green: #4eb305)
- dimensão (1.5em)
- float
- padding ou margin

### header fixo

- position: fixed;
- width: 100%;
- background-color: rgba(0,0,0,0.8);
